Re: Heber Creeper

Dear Ben:

Our previous need of President Wilkinson had reference to a resolution to get through the legislature. This resolved that the State Park Commission buy the Provo Canyon Railroad right-of-way from the State Road Commission. This resolution finally passed and is law. It appears that we now have the plans for a good operating railroad company.

We are now in the process of bringing another train up the canyon before the rails are torn up in the lower canyon. We hope to begin operation on May 30, 1971.

We thank you for your interest and hope to see you on the train.

Sincerely,

R. Raymond Green, M.D.

RRG/avc
